

**WESTFORT**  
MEAT PRODUCTS

**高品质荷兰猪肉**

**First class Dutch pork**

## FAMILY BUSINESS WITH A GLOBAL PRESENCE

Westfort is a family business specialized in pork slaughtering and processing for both domestic and international markets. 50% of the products are sold in the Netherlands, while the other 50% are exported to all the countries in the EU, as well as Australia, Asia and Africa.

Over the past few years, Westfort's production capacity has increased to approximately 150.000 tonnes of pork per annum, generating a turnover of more than 300 million euros. The company employs over 750 staff and is HACCP (Hazard Analysis Critical Control Points), BRC (British Retail Consortium) and IKB (Integral Chain Management) certified. Westfort owns production locations in Oudewater and IJsselstein for carcass processing, a slaughterhouse and a bacon factory.

## DIRECT CONTACT WITH PIG FARMERS

Westfort requires the source of each animal to be known. In order for this traceability to be sufficiently guaranteed, only animals born and bred in the Netherlands are processed. There are strict requirements for feed (GMP+) and use of medication (GVP). In compliance with these requirements the farmer is audited by an independent and accredited agency.

## OWN SLAUGHTERHOUSE

The slaughtering process is a major factor in the quality and shelf life of the meat. Westfort is currently building a unique and innovative slaughterhouse in IJsselstein, in the centre of Holland. The innovations have been designed for the purposes of animal welfare, automation and sustainability. Our new slaughterhouse is expected to be fully operational by the end of 2015.

## 享誉全球的家族企业

Westfort是一个家族企业专于生猪屠宰及胴体分割，加工产品同时供给国内和国际市场，50%的产品在荷兰本土销售，其余的50%则出口到欧盟诸国、澳大利亚、亚洲及非洲。

过去的几年，Westfort的年生产量已增加到约十五万吨，年营业额超过三亿欧元。公司拥有雇员多达750人，同时通过 HACCP（危害分析和临界控制点）、BR（英国零售商协会）和 IKB（生产链条控制系统）等多项管理及销售系统认证，Westfort拥有多个生产基地，在Oudewater和IJsselstein拥有自己的分割加工厂、屠宰场以及培根加工厂。

## 管理直接触及饲养农户

Westfort要求每一头牲畜的来源都是可证实的，为了能有效地确保可追溯性，我们只生产加工在荷兰本土土长的牲畜，同时对牲畜的食物提供（GMP = 良好作业规范）和用药（GVP = 验证管理规范）都有严格规定，为了遵从这些要求，提供牲畜的农户都由一个独立、被认可的机构进行核查。

## 先进的设备

屠宰过程对于肉质量和肉保存期来说是极为重要的因素。Westfort目前正在荷兰中部的IJsselstein建造一所特别和创新的屠宰场。里面的创新技术将用于改善动物福利、自动化操作及可持续性。这所崭新的屠宰场预计在2015年年底竣工并开始使用。
